Of course. I talked with him about it once before I tried to contact you. Then I talked with him about it again in more detail last week. I would definitely still like to talk with you my future with the lab and what my options are, whenever you have time. Thanks.

Dan,  
This is a discussion that you should have with Chuck since he is the Drug Lab Supervisor. I am happy to talk to you about your future but feel that you should really have a discussion with Chuck first.
